Sir:

Prior to examination on the merits, please amend this application as follows:

In the Claims:

Please cancel claims 1-9.

Please add new claims 10-14 as follows:

10. (New) A communications controller for communication operations which arrive at a terminal device for telephony over Internet protocol, comprising:

A1 a device which compares a received identification of a calling subscriber with corresponding entries of a communication partner file of a called subscriber,

the device provides a procedure to handle the incoming call in the communication partner file if the calling subscriber is recognized as a communication partner included in the communication partner file, and
